WHY CHILLY WEATHER
BRINGS RHEUMATISM

Says skin pores are closed and
uric acid remains
in blood.

Rheumatism is no respecter of age,
sex, color or rank. If not the most
dangerous of human afflictions it is
one of the most painful. Those sub-
ject to rheumatism should eat less
meat, dress warmly as possible, avoid
any undue exposure and, above all,
drink lots of pure water.

Rheumatism is caused by uric acid
which is generated in the bowels and
absorbed into the blood. It is the
function of the kidneys to filter this
acid from the blood and cast it out in
the urine; the pores of the skin are
also a means of freeing the blood of
this impurity. In damp and chilly,
cold weather the skin pores are closed
thus forcing the kidneys to do double
work, they become weak and strug-
gle and fail to eliminate this uric acid
which keeps accumulating and circu-
lating through the system, eventually
settling in the joints and muscles
causing stiffness, soreness and pain
called rheumatism.

At the first twinges of rheumatism
get from any pharmacy about four
ounces of Jod Salts; put a tablespoon-
ful in a glass of water and drink be-
fore breakfast each morning for a
week. This is said to eliminate uric
acid by stimulating the kidneys to
normal action, thus ridding the blood
of these impurities.

Jod Salts is inexpensive, harmless
and is made from the acid of grapes
and lemon juice, combined with lithia
and is used with excellent results by
thousands of folks who are subject to
rheumatism. Here you have a pleas-
ant, effervescent lithia-water drink
which overcomes uric acid and is
beneficial to your kidneys as well.

Help Your Liver—It Pays.

When your liver gets torpid and
your stomach acts queer, take Dr.
King's New Life Pills and you will find
yourself feeling better. They purify
the blood, give you freedom from con-
stipation, biliousness, distress and in-
digestion. You feel fine—just like you
want to feel. Clear the complexion,
too. 25c. at druggists.

Many Cases in Town Court.

Incidentally those who keep tabs on
town court business realize that an
unusual number of arrests are being
made in Killingly, probably more than
in any town in the county that has a
license, three times as many as Put-
nam since the first of the year.

Why this is so is difficult to ex-
plain, but it behooves those who are
interested to make a study of the
problem. One of the first things seen on
the streets now, thanks to the ef-
ficient policing system, but from the
ways of the town they given into the
court day after day. Most of them,
as in other years, can lay no claim to
residence in this town other than as
transients, but they are here and are
performing in a way that is not for
the best interests of the town.

Sent From Minneapolis for Filing in
Thompson.

Attorneys who have been interested
in the case have forwarded from Min-
neapolis a set of papers relative to

of \$500,000, this set of papers review-

development of Tourtelotte high
school and educational interests in the
town.

The estate is left in trust. Four

the last of them dies the town will
not get the estate until the heirs have
the interest from the estate during
the 21 years.

has been before the probate court for
Hennepin county, Minnesota.

AUSTRIANS HAVE CAPTURED
AUSTRIAN PORT OF DURAZZO

Flight of Italians Was Carried Out in
Great Disorder.

Berlin, Feb. 28.—(By Wireless to
Saville).—The official Austrian state-
ment issued yesterday says that by
the capture of the Albanian port of
Durazzo, the Austrians took 25 cannon,
including six coast defense guns, 10,
000 rifles and a large amount of artil-
lery ammunition and provisions.

The flight of the Italians from Du-
razzo, the report says, was carried out
hastily in great disorder.

The text of the statement follows:
"Austro-Hungarian troops have oc-
cupied Durazzo. During the forenoon
one column, under the fire of the
Italians, advanced across the northern
isthmus to Portofino, six kilometers
north of Durazzo. Our troops advanc-
ing across the southern isthmus were
hindered at the beginning by the
Italian artillery but towards night suc-
ceeded in capturing the town, and
swimming and floating, reached the
bridge end of Durazzo, driving back
the Italian rear guards."

"At dawn the Austro-Hungarian bat-
talion entered the burning town."

"On the Isonzo front there has been
lively artillery fire and occasional in-
fantery positions on the Italian side."
At dawn, an Austro-Hungarian de-
tachment from the Gorizia bridgehead
garrison attacked by surprise the enemy
works near Peuma, killed 100 men,
trench and brought back 45 prison-
ers. After a heavy artillery prepara-
tion the enemy infantry advanced
against his life, Mayor William Hale
Thompson has asked Chief of Police
Healey for a bodyguard. The mayor
says the threats have been made "pre-
sumably because of his activities in
the campaign for the coming elec-
tion."

Chicago, Feb. 28.—Rev. Dr. Jenkin
Lloyd Jones, member of the Ford peace

men spoiled it all."

"I've come home to fight," he said.
"From now on it is war—war on pre-
paredness. I'm for preparation, but
not for war. The peace party is all
wrong, crazy. We don't want pre-
paredness. We want an international
police force to keep one country from
striking at the other."

ever known in Chicago is under way
primary election in Chicago's history
closed tonight. Tomorrow the voters
will elect one alderman from each of
the city's 35 wards and one municipal
court judge to fill a vacancy.

Interest centers in the fight between
Mayor William Hale Thompson, repub-
lican, elected last April by a plurality
of 150,000, and nine republican alder-
men who have opposed the mayor's
policies and who now seek renomina-
tion. The campaign has been a bitter
one, and several suits for libel have
been brought.
